### Iwoz By Steve Wozniak

The genius of Steve Wozniak is part of computing folklore, albeit based on a handful of designs. Personally, I feel 'cunning' would be a better description. Woz created designs that made the most of limited hardware, that performed dazzling tricks. But often the designs were impossible to expand or develop further.

### Iwoz: Computer Geek to Cult Icon: How I Invented the ...

This one is the story of how Steve Wozniak invented the personal computer at a very young age, and helped found Apple Computer. This is a very breezy read, pretty obviously dictated and barely edited. It's like sitting in a room with Steve Wozniak as he tells you his life story, with some diversions and some humorous anecdotes thrown in.
