Hong Kong Science Museum - Science Lectures

In The Relevance of Science, Weizsäcker engaged in a dialogue with intellectuals more than with the specialists in the fields he discusses. He diagnoses the ambivalence of the scientific civilization in place at the time the lectures were given. He also aims to present practical solutions to problems raised in his theoretical work. First, he presents an account of history from a philosophical ...

The Steno Lectures: Discussions at the Intersection of ...

Before the 18th century, science courses were taught almost exclusively through formal lectures. The structure of courses began to change in the first decades of the 18th century, when physical demonstrations were added to lectures. Pierre Polinière and Jacques Rohault were among the first individuals to provide demonstrations of physical principles in the classroom.

Science in the Age of Enlightenment - Wikipedia

The Royal Institution Christmas Lectures are a series of lectures on a single topic each, which have been held at the Royal Institution in London each year since 1825, missing 1939–42 because of the Second World War. The lectures present scientific subjects to a general audience, including young people, in an informative and entertaining manner.

Royal Institution Christmas Lectures - Wikipedia
