The American Institute of Steel Construction (AISC), headquartered in Chicago, is a non-partisan, not-for-profit technical institute and trade association established in 1921 to serve the structural steel design community and construction industry in the United States. View More.

AISC Home | American Institute of Steel Construction

Originally published in 1992 this volume was intended to be a companion to the AISC Manual of Steel Construction (ASD 9th ed. and LRFD 1st ed.). In 1993 the LRFD was updated. For ASD connection design, this publication remains useful as a companion to the 9th Edition ASD Manual of Steel Construction.

Manual of steel construction. Volume II, Connections : ASD ...

This Manual is the thirteenth major update of the AISC Steel Construction Manual, which was first published in 1927. With this revision, the previously separate Allowable Stress Design and Load and Resistance Factor Design methods have been combined. Thus, this Manual replaces both the 9th Edition ASD Manual and the 3rd Edition LRFD Manual.
