of the Human Race: How ...**

The Invisible History of the Human Race: How DNA and History Shape Our Identities and Our Futures seeks to show how "the concept of ancestry can bring genetics and history together fruitfully." Author Christine Kenneally is very successful in this objective, weaving together stories of genealogy, historical records, and genetic science.

The Invisible History of the Human Race: How DNA and ...

In *The Invisible History of the Human Race*, Christine Kenneally reveals that, remarkably, it is not only our biological history that is coded in our DNA, but also our social history. She breaks down myths of determinism and draws on cutting-edge research to explore how both historical artefacts and our DNA tell us where we have come from and where we may be going.
