Theories of political economy offer rich intellectual resources for scholars today who hope to explain some of the most striking real-world changes of contemporary American politics, including the dramatic widening of economic inequality since the 1970s, the financial and economic breakdowns since 2008, and the government policies that contributed to these developments. Yet few scholars in ...

The Politics of Inequality in America: A Political Economy ...

Political inequality is an important topic for our times. We must be aware that the objective and subjective realities of political inequality rouses people to action. That political inequality lives in democracies across the world is a troubling fact of life, and if we want to move closer to political equality, we can do better to understand it.

The political economy of inequality - Evatt Foundation

In truth, The New Politics of Inequality shows us the foundation for many of the crucial outcomes that have determined Americans' prospects and the nation's place in the world. Edsall wrote roughly two decades after the passing of the Era of the Social Contract, a time when capital and labor existed harmoniously and, broadly speaking, approximated the roles of countervailing powers joined in a ...

New Politics of Inequality: Edsall, Thomas Byrne ...

"If we want to fix our politics, we have to do something about inequality," says social psychologist Keith Payne. Showing how economic inequality changes the way people see and behave towards one another, Payne helps explain the rise of the political polarization that's slicing up society -- and challenges us to think twice the next time we dismiss someone for the sake of politics.

Nowhere is this more evident than in our current mainstream political discourse, in which the politics of economic inequality are rarely discussed. In this impassioned book, Michael J. Thompson reaches back into America's rich intellectual history to reclaim the politics of inequality from the distortion of recent American conservatism.

The Politics of Inequality | Columbia University Press

In her new book, "Regimes of Inequality: The Political Economy of Health and Wealth," Lynch outlines what her decade of research on the topic in England, Finland, and France has revealed: Health outcomes are directly linked to social and economic inequalities, and the way politicians frame the problem of health inequality sets it up to be unsolvable.

The politics of health inequality | Penn Today

The wealth gap between the presidential candidates and average Americans could hardly be more stark. According to the IPS report Billionaire Bonanza: The Forbes 400 and the Rest of Us, the median American household has only \$81,400 in wealth.. The gap becomes even more pronounced when we consider race: The median black household holds a mere \$11,000 in assets, while Latino households have only ...

The academic debate had deeper political undertones as it took place in the run-up to the 2014 general elections. But the one-off academic debate was an anomaly in India's political sphere that remains curiously detached from the idea of inequality.

View: The missing politics of inequality - The Economic Times

In his response essay, Richard Reeves helpfully steers our attention to the inequality that both underlies and flows from disparities of income, wealth, and status: inequality of power. The power to direct the course of one's own life, free from the arbitrary power of others: this is the central promise of liberal democracy.

The Power Politics of Inequality | Cato Unbound

This book is a study of the politics of redistribution and inequality in political unions. It addresses two questions: why some political systems have more centralized systems of interpersonal redistribution than others, and why some political unions make larger efforts to equalize resources among their constituent units than others.
