The American Nurses Association (ANA) believes that advocacy is a pillar of nursing. Nurses instinctively advocate for their patients, in their workplaces, and in their communities; but legislative and political advocacy is no less important to advancing the profession and patient care. ANA offers the information, tools, and resources that nurses need to become effective advocates.

Nursing Advocacy | American Nurses Association

This type of call to action is not new to nursing. Throughout history, the nursing profession has played major roles in stepping into times of crisis and providing care and innovation that has ...

The Pittsburgh Black Nurses in Action | Nursing Network

While mandating nurse-patient ratios and outlawing mandatory overtime may be prudent actions to stem the tide, the retention of nurses within the profession must also be considered. Nurse turnover is expensive, and shortages of nursing faculty can also limit the number of students accepted into accredited nursing programs.

Nurse-Patient Ratios and Safe Staffing: Why You Should ...

The Kansas State Board of Nursing would like to recognize the contributions that are being made by nurses at all levels during this unprecedented COVID-19 pandemic. The courage that each front-line nurse demonstrates daily is heroic, requiring conquering personal anxiety and fears to provide care to the most vulnerable patients.

Ohio Board of Nursing

Doctors communicate with patients and decide a course of action or method of treatment, nurses administer the treatment and maintain it until the procedure is finished. Basically the entire drama used hospitals as a platform to attach a bunch of characters and slap on a "plot" and fall back on medical emergencies or situations to create tension.

Hakui no Senshi! (2019) - MyDramaList

Nursing is a profession within the health care sector focused on the care of individuals, families, and communities so they may attain, maintain, or recover optimal health and quality of life. Nurses may be differentiated from other health care providers by their approach to patient care, training, and scope of practice. Nurses practice in many specialties with differing levels of prescription ...

Nursing - Wikipedia

Nurses and midwives account for nearly 50% of the health workforce. Of the 43.5 million health workers in the world, it is estimated that 20.7 million are nurses and midwives, yet 50% of WHO Member States report to have less than 3 nursing and midwifery personnel per 1000 population (about 25% report to have less than 1 per 1000), according to the 2017 Global Health Observatory.

WHO | Nursing and midwifery

Emergency actions usually take the form of a summary suspension of a nurse's license. The general standard for this action is clear and convincing evidence that continued practice by the nurse would present a danger of immediate and serious harm to the public. This action may be revised after the full investigation.

Board Action | NCSBN

A nursing care plan is a plan of action for the care of a patient. In following the nursing process, after assessing and diagnosing a patient, the nursing care plan is created to take steps to meet the patient and health care team's goals for the patient's health.

Nursing Care Plans in Action - Nursing Theory

Thousands of Nurses Hold National Day of Action Aug. 5 to Save Lives During COVID-19 and Beyond. As firsthand witnesses and actual victims during this COVID-19 crisis of a health care and economic system that prioritizes money over people, registered nurse members of National Nurses United (NNU) are holding on Aug. 5 more than 200 actions inside and outside hospital facilities in at least 16 states and the District of Columbia to demand that our elected leaders, government, and hospital ...
