The notion of alien intelligences being digital rather than corporeal is new enough to add to the excitement. If the series looks interesting, you can start with this one, but there's a lot you will have missed without having read the other three books. The first book is Desert Runner (Puatera Online Book 1). All four are recommended.

This is the sixth book I've read/listened to by this author. All the books have been in the Puatera series. These are books I would listen to again and again. I am really enjoying them! Akillia is the name Emma has chosen for her character in the game Puatera.

Desert Runner is the first instalment in Dawn Chapman's Puatera Online series. It is a fun read with some good world and character building. With it being from an NPC perspective, something I had not encountered before, there is less 'game talk' but with her own awareness Maddie understands more about this world, and the visitors, than most.

Puatera Online is a Fascinating World.... This is the second audiobook in the series I've listened to - same author, different narrator, but liked this one just as much as the one before Akillia's Reign (Puatera Online Series, Book 4).
