The book's informative and highly analytical nature provides the reader with in-depth knowledge of the root causes of de-development in the Arab World. Rooted in a theoretical understanding of political economy in the Arab World, this is a book that

(PDF) Book review: Arab Development Denied: Dynamics of ...

Arab Development Denied examines how over the last three decades the Arab world has undergone a process of developmental descent, or de-development. As a result of defeat in wars, the loss of security and sovereignty, and even their own class proclivity, the Arab ruling classes have been transformed into fully compradorial classes that have relinquished autonomy over policy.

Arab development denied : dynamics of accumulation by wars ...

In Arab Development Denied (Anthem Press, 2014) Ali Kadri examines how the Arab world has undergone a process of developmental descent, or 'de-development' over the past three decades. The Arab world has lost its wars and its society has restructured to absorb the terms of defeat, masquerading as development policies under neoliberalism.
