A primary cell is a battery (a galvanic cell) that is designed to be used once and discarded, and not recharged with electricity and reused like a secondary cell (rechargeable battery).In general, the electrochemical reaction occurring in the cell is not reversible, rendering the cell unchargeable. As a primary cell is used, chemical reactions in the battery use up the chemicals that ...

Our family business began in Randwick with T's Book Shop in 1975. When our customers started asking about selling their used textbooks, we welcomed them in and a new era of T's was under way. We quickly out-grew our premises at Randwick, and evolved into T's Textbooks with our move to Alexandria in 2011, where we still are today.

Primary sources are contemporaneous to the subject being studied. They could be objects, letters, journal or newspapers. They must originate from the time being studied to be accepted as a primary source, this can include copied images of an original document, or reprinted editions of a book.

### **Three Types of History Sources - Synonym**

The history of economic thought is the study of the philosophies of the different thinkers and theories in the subjects that later became political economy and economics, from the ancient world to the present day in the 21st Century. This field encompasses many disparate schools of economic thought. Ancient Greek writers such as the philosopher Aristotle examined ideas about the art of wealth ...
