### Air Conditioning (R22 )

Hey all first post here I have a call that is boggling my mind. Only in my second year as a tech so I look for all the knowledge I can get. I was sent out on a job to change out a bad compressor that someone else had already diagnosed as bad. Put in a new copeland scroll ZR48k5e-pfv-800 in a 2003 rheem A/C. After vacuum and recharge everything looked normal and ready to go.

### Emerson - General Product Guide 2017

The 20 to 40 ton Copeland Scroll compressors do not have internal pressure relief valves. To avoid abnormally high operating pressures, a high pressure control must be used in all applications. If any type of discharge line shut-off valve is used, the high pressure control must be installed between the compressor discharge fitting and the valve.
