Creative Industries Contracts Between Art

“Caves presents an excellent and readable discussion of the economics and organization of the creative arts industry Using an enormous amount of qualitative information, Caves combines the theory of contracts (a new development) with the economics of industrial organization to explain institutional arrangements (the contractual strategies of the market mediators) between artists (authors, actors, performers) and consumers.”

Creative Industries: Contracts Between Art and Commerce by ...

Creative Industries will appeal to the growing community of social scientists and humanists who are interested in and write about cultural policy. Even the economics-averse among them will have no excuse to avoid this gracefully written volume. It promises to be a much-needed touchstone for work in cultural economics, the sociology of art and culture, and the interdisciplinary field of arts ...

In a seminal work, *Creative Industries: Contracts Between Art and Commerce*, Caves examined a wide range of visual and performing arts - including cinema and television, theatre, music, book publishing, and toys and games - in order to investigate how the theory of contracts and the logic of economic organization affect the production of ...

Richard E. Caves - Wikipedia

Drawing on industrial economics and contract theory, Caves explores the organization of creative industries, including visual and performing arts, movies, theater, sound recordings, and book publishing. In each, artistic inputs are combined with 'humdrum' inputs. But Caves finds the deals bringing these inputs together are inherently problematic.

Creative industries - Wikipedia

As it turns out, each industry has come up with what are very standard contracts dealing with the basic issues. Many conflicts between galleries and artists, publishers and authors, and musicians and record companies -- especially regarding promotion of the artists' work -- can be explained by the economic incentives (or lack thereof) in the contracts between the two parties.
