Debunking Economics The Naked Emperor

Debunking Economics: The Naked Emperor of the Social Sciences is a book by the economist Steve Keen about the problems with mainstream economics. The book was initially published by Zed Books in 2001, and a revised and updated version was published in 2011. Translated versions were also published in Spanish, French and Chinese. The book is suitable for a general reader, and uses words and ...

Debunking Economics - Wikipedia

A review of Debunking Economics: The Naked Emperor Dethroned? by Steve Keen. The basic message Keen is trying to send is a vitally important one: Neoclassical economics is failing. Models based around rational agents and static equilibrium simply fail to represent the real world, and and as a result give policymakers a false sense of security against economic crisis.

Debunking Economics - Revised and Expanded Edition: The ...

He classes himself as a post-Keynesian, criticizing both modern neoclassical economics and Marxian economics as inconsistent, unscientific and empirically unsupported. The major influences on Keen's thinking about economics include John Maynard Keynes, Hyman Minsky, Piero Sraffa, Joseph Alois Schumpeter, and Fr Steve Keen is a professor in economics and finance at the University of Western Sydney.

Debunking Economics: The Naked Emperor of the Social ...

Debunking Economics exposes what many non-economists may have suspected and a minority of economists have long known: that economic theory is not only unpalatable but also plain wrong. This radical book builds on a scathing critique of conventional economic theory whilst explaining what mainstream economists cannot: why the crisis occurred, why it is proving to be intractable, and what needs ...
