Centered on a young girl who inexplicably stops speaking, December is a riveting and insightful portrait of a family in crisis. Nine months after eleven-year-old Isabelle suddenly fell silent, her parents, Wilson and Ruth, are at their wits' end. And what began as self-protection has spiraled beyond Isabelle's control; she has become trapped in her silence, horrified by the pain she is causing and terrified of losing her old self to this cold young girl she barely recognizes.

Winthrop handles her expertly, and she should have been given more space. A version of this novel in first person narration from Isabelle's point of view would have been intensely revelatory. Ultimately, however, December offers a keen and real glimpse into the troubled heart of a young girl, and Winthrop provides a unique view into the challenging transition from childhood to adulthood... continued

So begins December, Elizabeth Hartley Winthrop's second novel. In this moving account, Winthrop explores the effects that a child's psychological crisis has on not only the child but also the parents, their relationships with each other and with the world at large.

Book review: Elizabeth Hartley Winthrop's *December*

December is Elizabeth H. Winthrop's second novel but this is the first novel by her that I have read. I cannot actually recall how the title made it on to my Wish List but it did and I subsequently obtained this copy via Bookmooch a few months ago. Surprisingly little happens in this novel and although well written there is not much to say about it.
