Lots of people have been asking me for school science club ideas recently, so I've put together a collection of science experiments and activities that I think would work really well for Primary/Elementary school age children.. Scribble Bots. First up are our easy Scribble Bots. These are very simple to make using inexpensive and reusable materials.

### School Science Club Ideas - Science Experiments for Kids

Science Club began as an afterschool program, developed in partnership between Chicago Public Schools science teachers, Boys & Girls Club of Chicago staff, and scientists at Northwestern University. The Science Club approach is the basis of two key initiatives: a mentor-driven afterschool program for middle school youth and a practicum-based teacher professional development program.

Original study. The psychological phenomenon of illusory superiority was identified as a form of cognitive bias in Kruger and Dunning's 1999 study "Unskilled and Unaware of It: How Difficulties in Recognizing One's Own Incompetence Lead to Inflated Self-Assessments". The identification derived from the cognitive bias evident in the criminal case of McArthur Wheeler, who, on April 19, 1995 ...

Reality television is an addicting phenomenon, and researchers have claimed that society is so addicted to shows, such as Keeping Up With the Kardashians, The Real World, even American Idol, because it's entertaining, relatable, and interactive with its audiences. What makes reality TV so addictive is what occurs on the show.. Producers intentionally edit the shows for the viewers'
