Holley EFI - Holley
Holley HP EFI systems are equipped with 4 programmable inputs and 4 programmable outputs that are ideal for most vehicles with a single power adder. This feature allows the user to configure the system to support a wide range of controls including boost control, progressive nitrous, water/meth injection, speed inputs, fuel pump control, AC ...

Holley EFI 554-113 HP EFI ECU
The Perodua Myvi is a subcompact car/supermini produced by the Malaysian manufacturer Perodua since 2005. Based on the Daihatsu Boon (also branded as Daihatsu Sirion, Toyota Passo and Subaru Justy), the Myvi is the result of Perodua's collaboration with both Toyota and Daihatsu. However, the third generation Myvi was entirely designed and made in Malaysia, thus not being based on the third ...
