This page is a simple list of general biological ideas for investigations. It will be useful for students who are lost for an idea, or teachers who are looking for something to inspire a particular student. Of course the ideas are just ideas, nothing is specified and all the details will need to be explored and evaluated by students during their investigations. Toothpaste is labelled according ...

DP Biology: 30 investigation ideas for Biology IA

The physiology of warming-up. An increase in body temperatures is not necessarily detrimental to the health and performance of an athlete. For example, most professional and recreational athletes perform a pre-conditioning exercise called a 'warm-up' to increase their T_m and prepare for a competitive task. The term warm-up is an appropriate representation of Asmussen & Bøje's 21 seminal ...
