A Grammar of Spoken English Discourse: The Intonation of ...

Discourse Grammar is a grammatical framework that grew out of the analysis of spoken and written linguistic discourse on the one hand, and of work on parenthetical expressions, including Simon C. Dik's study of extra-clausal constituents, on the other. Initiated by Gunther Kaltenböck, Bernd Heine and Tania Kuteva, the framework is based on the distinction between two organizing principles of grammar where one concerns the structure of sentences and the other the linguistic organization ...

Spoken English - English Grammar Today - a reference to written and spoken English grammar and usage - Cambridge Dictionary

Spoken English - English Grammar Today - Cambridge Dictionary

In linguistics, discourse refers to a unit of language longer than a single sentence. The word discourse is derived from the latin prefix dis- meaning "away" and the root word currere meaning "to run". Discourse, therefore, translates to "run away" and refers to the way that conversations flow.

The Meaning of Discourse - ThoughtCo

Discourse is understood as the domain of language use, with speakers making functional choices at all levels of structure, whether across sentence and larger unit boundaries, inside clauses and phrases, or even within words.

Grammar of Spoken English Discourse The Intonation of ...

A full account of the grammar of spoken English would certainly include a description of intonation. Units of spoken language are marked by pauses and often by a falling intonation. It is a difficult and time- consuming process to include these in a transcript, and it requires specialist training to transcribe and read something intonationally.

9 The grammar of spoken English - Cambridge University Press

These include discourse paradigms (in contrast to traditional ones), the solution of problems brought about by post facto rules that fail to generate appropriate choices, different distributions of forms in spoken and written texts, items that make little sense if dealt with in stand-alone sentences, and unresolved grammatical puzzles.

From Sentence to Discourse: Discourse Grammar and English ...

The Longman Grammar of Spoken and Written English (1999) is a contemporary reference grammar of English based on a large-scale corpus. The study of speech sounds (or spoken language) is the branch of linguistics known as phonetics. The study of sound changes in a language is phonology.

Spoken English - Definition and Examples

Using a 1.5-million-word sample from the CANCODE spoken English corpus, we present a description of the get-passive in informal spoken British English.Previous studies of the get-passive are reviewed, and their focus on contextual and interpersonal meanings is noted.A number of related structures are then considered and the possibility of a passive gradient is discussed.
