The Third Edition of "Hinson" (Guide to the Pianist's Repertoire) has perhaps 120 new entries, but is otherwise unchanged. I looked for the entry for Leo Ornstein as an example, and indeed his date of death was not included. (He was born, probably, in 1892). I assume that, similarly, there was little revision done on previous entries.

Grieg: Pianists Repertoire By Bailie

The sheer vastness and immensity of the solo piano repertoire has long been daunting to performers and scholars alike. Considering the tremendous quantity of keyboard music covering more than three centuries, not to mention all the diverse editions of standard works and the accumulation of historical and analytical literature dealing with the field, any sort of reliable guidance is welcome.
