In Part 1 of the Guitar Setup Series, we adjusted the truss rod to set the neck relief. In Part 2, we will fine tune your string height so your guitar is perfectly tailored to your playing style. To do this, we will measure your guitar neck's action and adjust it for both Fender and Gibson-style bridges.

it. For many people, Drop G is deemed 'the best drop tuning' for 7-string guitars, as it combines a slightly darker sound than E standard on the 6 higher strings, and still having the lowest string be audible to enough to clearly hear what's being played.

## **The Ultimate Guide To 7-String Guitar Tuning - Killer ...**

A great setup means two things - the guitar will play well, and you'll actually be able to play the damn thing for more than five minutes! That may seem like a statement of the obvious but Stevie Ray Vaughan's reputed predilection for ultra-heavy strings has led plenty of us to ponder the optimum pain to tone ratio.
