Information Systems Development -

Advances in Theory ...

Recently many new concepts and approaches have emerged in the Information Systems Development (ISD) field. Various theories, methodologies, methods and tools available to system developers also created new problems, such as choosing the most effective approach for a specific task, or solving problems of advanced technology integration into information systems.

Information Systems Development: Advances in Methodologies ...

Advances in Information Systems Development: Bridging the Gap between Academia and Industry, Volumes 1 and 2, are the collected proceedings of the Fourteenth International Conference on Information Systems Development: Methods and Tools, Theory and Practice – ISD'2005 Conference. These latest volumes on Information Systems Development examine the exchange of ideas between academia and industry and aims to explore new solutions.
