The Bonfire Academy series is a prequel to The Bonfire Chronicles, which currently has only one book, Faustine. Integration bridges the time from the end of Initiation to the start of Faustine. The focus is largely on Cordelia, although many of the students are returning, including one in particular who generates much of the book's conflict.

Integration picks up where Initiation left off, with Cordelia returning to Bonfire Academy to complete her internship and sort out her feelings for Quinn (her childhood friend and longtime boyfriend) and Jagger (the Fae hybrid with whom she's synched). Like all of Imogen Rose's books, the action starts quickly and doesn't let up until the end.
