A lemming is a small rodent, usually found in or near the Arctic in tundra biomes.Lemmings make up the subfamily Arvicolinae (also known as Microtinae) together with voles and muskrats, which form part of the superfamily Muroidea, which also includes rats, mice, hamsters, and gerbils.In popular culture, a longstanding myth holds that they commit mass suicide.

Lemming - Wikipedia

The lemmings supposedly committing mass suicide by leaping into the ocean were actually thrown off a cliff by the Disney filmmakers. The epic "lemming migration" was staged using careful editing, tight camera angles and a few dozen lemmings running on snow covered lazy-Susan style turntable.
