The World's Top 50 Leadership and Management Thinkers

One of the early British thinkers on management, Babbage, was the forerunner of scientific management. His work was closely related to that of Adam Smith (an economist), as he emphasised on work measurement, cost determination, bonus plans and profit sharing specialisation (dividing the work into various jobs) to increase managerial efficiency.

Classification of Management Theories: 4 Schools of Thought

Management is an aspect of the business that doesn't have the same specific duties some of the other parts of the business have. While an accountant will always know quite clearly the expertise and responsibilities he or she has, a manager needs to have a much broader set of skills, with the tasks ranging depending on the business. Yet, management like all the other parts of the business ...
