(PDF) The History of Ethiopia | Nikos Mark - Academia.edu

Both the dominant paradigms (such as functionalism and positivism) and the oppositional paradigms (represented by Marxism) in western social sciences are resolutely grouped under this one label. PP presents a comprehensive, if sweeping, metahistory of the historical and social-scientific disciplines in the Philippines and claims for itself the ...

Exposition, Critique and New Directions for Pantayong ...

Conscience is a cognitive process that elicits emotion and rational associations based on an individual's moral philosophy or value system. Conscience stands in contrast to elicited emotion or thought due to associations based on immediate sensory perceptions and reflexive responses, as in sympathetic central nervous system responses. In common terms, conscience is often described as leading ...
