Letterland was created to teach phonics using a story-based approach. The story logic engages students leading to long term retention of concepts. What's more, Letterland is wonderfully multi-sensory. It activates every learning channel through music, actions, alliteration, movement, song, art, games and role-play.

This is a fantastic little volume. What an amazing undertaking--to try to wed correspondence, poetry, history and archaeology in one push! What stands out for me (as in The Maximus Poems) are Olson's gestations on the idea (his words) of "destroying historical time", and how he sees the successes and failures of that charge in Pound's Cantos and WC Williams' Paterson.

A Maya book is called a codex (or codices for more than one). Numbers
The Maya used a number system with the base number of 20 (we use a base-10 number system). They wrote numbers using a system of bars and dots. A bar represented the number 5. Every 5 numbers they added another bar. The number zero was written with a symbol that looked like a ...
