So, the current setup is a Northstar 6000i 6.4", it is connected to GPS right now, not sure if it is connected to smartcraft, but the boat does have smartcraft gauges. No fishfinder. No radar. NS100 radio. I have already bought a 15" 6000i to replace this small unit. I want to add a fish finder, so that means a 491 and a transducer are needed.
