Paperwhite Home Button - wilkins.zerohate.me

I then had to fully disassemble it to start playing around with the power button. I noticed it worked, but only if I squeezed on the right side (screen facing up) of the USB micro input. I tried screwing down as hard as I felt comfortable on the two screws either side of the home button. Still, the power button only worked intermittently.

SOLVED: My power/lock-unlock button doesn't work - Kindle ...

Edit: Kindle Voyage, not paperwhite, sorry. I've had my Voyage for about 3 years now and recently every time I use the forward "button" it always turns 2 pages. A restart didn't fix it. Has anyone encountered this before? Any fixes? I got this model specifically for the page turn buttons, so it's highly annoying not to be able to use them.
