Put On Your Crown is an authentic no nonsense look at moments that can change a person's life or thought process. This is not a book that tells one how to behave, as each person must listen to their own inner queen and follow their own path, rather this book speaks of the moments, those times we often ignore while we are too busy caught up in what could have been or what will be.

What is the meaning of life on Venus, if it's there? For the faithful, after decades of theorizing about the possibility, the indication – albeit short of robust – of microbial life in the Venusian clouds is earth-shattering: Are they made in God's image too? For science it's a turning point: our biome may not be alone. For the rest of humankind it means zip.
