Today we can query data stored in parquet files on ADLS. It would be fantastic to extend this to support the new "Delta Lake" file format recently open-sourced by the DataBricks team ( see <https://delta.io> ) This would allow us to take advantage of ACID guarantees that the delta format brings to the data lake.

### Add support for "Delta Lake" file format in Azure Data ...

The nonspecific mechanism of general anaesthetic action was first proposed by Von Bibra and Harless in 1847. They suggested that general anaesthetics may act by dissolving in the fatty fraction of brain cells and removing fatty constituents from them, thus changing activity of brain cells and inducing anaesthesia. In 1899 Hans Horst Meyer published the first experimental evidence of the fact ...
