The remainder of her review of systems is reviewed and negative.

Sample Review Of Systems Documentation - 12/2020

Definition: Similar to other review of systems, a checklist review of systems also relies on numerous questions being referenced from an inventory of body systems. The only difference between the checklist review of systems and the others is in the structure. Instead, of a patient encircling or writing Y or N beside the affliction, the checklist relies on the patient checking the box with the

For example, if the patient says he or she has asthma, supporting documentation could note that the patient carries an inhaler. If a patient notes an issue with his or her endocrine system, it would be appropriate to mention that a primary care doctor is monitoring him or her for diabetes.

E&M Documentation Requirements: A Look at ‘Review of Systems’

The Review of Systems (ROS) was the most frustrating aspect of charting as an intern. Documenting at least 10 elements from systems seemingly unrelated to the chief complaint took as long as a physical exam and was much harder to remember. For efficiency, many of us include any pertinent positives and negatives in the history of present illness (HPI) and use an ROS caveat such as “10/14 ...
