The Kiku Folder is the first folding knife designed by Kiku Matsuda, and an official production collaboration between SOG and Kiku Knives. It features a modified tanto style AUS-8 steel blade with a black TINI finish. The Kiku blade has a hollow ground main bevel that transitions to a flat ground tip, which is visually stunning and functionally strong.

Dear Edward | ebookloobby.org

For example, it is not an appropriate grade of steel for tools, folding knives, or sushi knives. 1095 can be heat treated to increase its overall strength, but if 1095 steel gets brittle after that point, there is not much that can be done about it and it may break on you. Though it can be used in tools such as chopping knives, it is not ...
