In his book The Practice of Management, Peter Drucker declares there is only one purpose of a business: to create a customer.. The kicker: it was published in 1993 1954. Nearly 20 60 years have passed, and it still seems many businesses are struggling to understand this fundamental concept.. A customer is defined as a person who pays a business for goods and services.

Local policymakers should periodically ask fundamental questions about how their governments operate and whether there is a better way. The experiences of the thousands of local governments around the country and indeed, around the world that have embraced privatization demonstrate that there is another way to govern. When implemented with care, due diligence and a focus on maximizing ...
