The Human Condition Hannah Arendt
The Human Condition, first published in 1958, is Hannah Arendt's account of how "human activities" should be and have been understood throughout Western history. Arendt is interested in the vita activa (active life) as contrasted with the vita contemplativa (contemplative life) and concerned that the debate over the relative status of the two has blinded us to important insights about the vita ...

The Human Condition - Wikipedia
The Human Condition is a work by Hannah Arendt published in 1958.. Hannah Arendt studies the vita activa for itself, regardless of the vita contemplativa: this leads to re-establish the hierarchy among the various activities of the vita activa, and more specifically to reaffirm the priority of the action on the work.This statement of the role of the action aims to give men the desire to leave ...
