In philosophy, the natural order is the moral source from which  
natural law seeks to derive its authority. Natural order  
encompasses the natural relations of beings to one another in  
the absence of law, which natural law attempts to reinforce. This  
is related to karma.

### **The Nature of Order**

Our idea of matter is essentially governed by our idea of order. What matter is is governed by our idea of how space can be arranged; and that in turn is governed by our idea of how orderly arrangement in space creates matter. So it is the nature of order which lies at the root of the whole thing Hence the title of this book.
