### Rural settlement Roman Britain AlexSmith

It has often been stated that Roman Britain was quintessentially a rural society, with the vast majority of the population living and working in the countryside. Yet there was clearly a large degree of regional variation, and with the huge mass of new data produced since the onset of developer-funded archaeology in 1990, the incredible diversity of Roman rural settlement across the landscape can now be demonstrated.

It's been an incredible year for discoveries at DigVentures. With help from people all over the world, we've investigated archaeological sites from Cornwall to Scotland. But for me, the real icing on the cake came slightly closer to home, when we unearthed a Roman settlement in the East Riding of Yorkshire. Encountering Roman sites is nothing new, but the artefacts we found told us it was one of the earliest ever to be discovered in the region so far.
