Theories Of Democratic Network Governance

Network governance is "interfirm coordination that is characterized by organic or informal social system, in contrast to bureaucratic structures within firms and formal relationships between them. The concepts of privatization, public private partnership, and contracting are defined in this context." Network governance constitutes a "distinct form of coordinating economic activity" (Powell ...

Network governance - Wikipedia

Democratization, process through which a political regime becomes democratic. Interest in democratization is due in part to the association between democracy and many important positive outcomes, including respect for human rights, economic prosperity, and security.

democratization | Definition, Theories, & Facts | Britannica

Governance, patterns of rule or practices of governing.The study of governance generally approaches power as distinct from or exceeding the centralized authority of the modern state.. The term governance can be used specifically to describe changes in the nature and role of the state following the public-sector reforms of the 1980s and '90s. Typically, these reforms are said to have led to a ...
