What Kind of Oil Should I Use in My Lawn Mower? The safest bet when it comes to oil will always be to use the kind of oil your lawn mower manufacturer recommends in the operator or engine manual for your particular mower. While SAE 30 motor oil is commonly recommended for lawn mower engines, each engine manufacturer's recommendation may be unique and might include recommendations based on ...

Read some stuff about some of the carb's on certain Toro equipment with the Toro branded engine having some leaks. Exmark is also using the same engine on some of their stuff, just called Exmark instead of Toro. If it were me, especially being that they are so new, I'd opt for a proven brand and see how these work out 5 years from now.

I have a Toro GTS 5 OHV rear bagger with rear wheel drive. It is an old machine I bought in 1989. Been a good starter and working machine until the last time I used it a few weeks ago. Did some mowing, let it cool down, washed it extensively, and now no starting, as if the water got down inside and caused some issue.
