The largest amount of requests we receive about engine conversions are for V8s. We feel, after doing numerous conversions of both V6 and V8s in our shop - taking into consideration engine availability, ease of installation, drivability, and customer satisfaction - most customers will be far happier in the long run using a small block

A long time ago (1984 ?) toyota released a rebadged Daihatsu 4x4 fitted with a toyota diesel from the hilux. It was a joke. The original vehicle outperformed the tojo clone 3 times over. What should of happened was that the Daihatsu diesel engine, should have been fitted to hilux. That would have made the hilux a perfect vehicle.

Hilux Club - Toyota Owners Club ...

The Hilux received a minor design update for the 1999 model year and the addition of a few more engine options. The Hilux was then facelifted in 2001 for the 2002 model year. In 2005, Toyota ceased production of the Hilux truck for the Japanese market. This was the last generation of the Hilux to be built in Japan.
